

CREATIVE CHILD CARE & PRESCHOOL

Our small class enrollment accommodates a higher teacher-to-student ratio than most other schools, allowing for a greater learning potential for your child.

Experienced, licensed childcare provider with Master's in Early Childhood Education provides care and education for children of ages one through five. Our country, farm-like setting provides a safe, nurturing environment with a lot of stimulating outdoor activities. We will prepare your child for kindergarten in a fun-loving way through arts and crafts, music, creative play, hiking, individualized educational curriculum and other creative ways including caring for our miniature horses. Naps and snacks included.
